IMAGINE A NEW

RESORT EXPERIENCE

Tucked away in the mountains of Idaho is America's only ski, golf, and lake resort. That's right—the only one. If Idaho wasn't the first resort destination you thought of, you're not alone, and that's a good thing. We built Tamarack where nature told us to—at the intersection of the mountains, meadows, and lake. It's a unique, yet perfect, combination of expansive nature, unexpected discovery, and year-round adventure, so you never have to take a season off.

We're in that sweet spot of being a great family-run resort that one-ups itself each year. So get in while our little piece of Idaho is still undiscovered—it may not be the case much longer.

AMERICA'S ONLY SKI, GOLF & LAKE RESORT

SKI

At Tamarack, an average of 300 inches of snow annually creates 2,800 vertical feet of endless magical terrain—from crisp groomers to playful off-piste slopes. In the summer, the mountain becomes a playground for hiking, lift-served mountain biking, disc golfing, and ziplining.

GOLF

Miles of tamarack and ponderosa-lined Nordic trails create superb cross-country ski, snowshoe, and even fat-tire bike conditions all the way to golf season. When the snow melts, experience the spectacular Robert Trent Jones II-designed Osprey Meadows: 18 holes of championship golf, featuring breathtaking views, and a true 19th hole, or the Gambler's Hole as we call it. But isn't every hole a gamblers hole?

LAKE

One of Idaho's largest bodies of water, Lake Cascade offers endless activities—boating, jet skiing, water skiing, wake surfing, swimming, stand-up paddleboarding, and fishing. Fed by the Payette and Gold Fork rivers, the 47 square-mile lake covers just over 27,000 acres and is home to world-class fishing, including world-record perch, smallmouth bass, coho salmon, and rainbow trout. And, for those who simply can't wait for spring? We have an ice fishing spot with your name on it.

ELEVATING THE HOMEOWNER EXPERIENCE

Our homeowners are the fabric of the Tamarack community, forming lasting friendships with one another. Whether it's meandering through The Village, having a cocktail at The Reserve bar, getting your gear tuned, or grabbing a cup of coffee, you're sure to meet faces both familiar and new. Yet, many homeowners at Tamarack spend time in different parts of the world throughout the year, and many long for a deeper sense of community at Tamarack.

For that reason, we've designed an experience specifically for the TamFam that brings new amenities, opportunities, and experiences to enhance everything you love about the resort and the community.

The Club at Tamarack is a private haven where kindred spirits gather, cherishing shared time and making new memories. Get away from the rest of the world and cultivate your connection to nature and community.

DISCOVER

YOUR BLISS

Over days on the slopes and celebrations with friends old and new, you've built your community at Tamarack. Now, discover experiences, events, and amenities designed just for you.

Gather with family and friends in a place where you can speak easy while you reminisce about the day's adventures in the new Member's Lounge, conveniently located in The Village at Tamarack. Keep the good times going over games of pool and shuffleboard. Take in the vast expanse of the Milky Way and the constellations as you warm up next to fire pits (hot toddy not required, but recommended).

Strengthen your mind and body at the Member's Fitness Center where engaging, dynamic instructors will lead you through group workouts and yoga classes that you will look forward to. Virtual programming will allow you to participate in group classes outside of the scheduled workouts. Choose from a variety of yoga and other group classes—virtual programming allows you to enjoy your favorites from anywhere. Whether you're as obsessed with pickleball as the rest of the country or are still pickleball curious, there's a place for you in our Member's tournaments. Bring your game face (and ace serve).

Beyond the Member's Lounge and Fitness Center, you'll also find new member-specific amenities across the resort. As you're gliding down Serenity, discover the Snack Shack, a rustic yurt with complimentary candy and treats for the kids (and kids at heart) to keep you fueled through the final run of the day. And within the new Mid-Mountain Lodge (to be completed in December 2024) Club Members will have a Member's Lounge designed specifically for their dining and enjoyment.

From sipping a Pinot at a wine event, to cooling off in the pool on a hot summer day, you'll find your fun, and a community that feels like family.

HERE, THE ADVENTURES ARE *BOUNDLESS*

The Club Membership is packed with benefits and access to amenities, but one of its most prized benefits is Tamarack's Boundless Family All-Season Pass.

The Boundless Pass lets you enjoy all four seasons of Tamarack's outdoor recreation opportunities. Ski or ride in winter and explore lift-accessible hiking and downhill mountain biking trails in spring, summer, and fall. When the temperature heats up, splash and paddle your way around Lake Cascade with complimentary stand-up paddle boards and kayaks.

As a club member you will have the additional benefit of flying down the fresh powder before anyone else on Fridays, through our First-Track Fridays.

Your Boundless Family All-Season Pass unlocks outdoor adventure all year long.

THE CANVAS FOR A

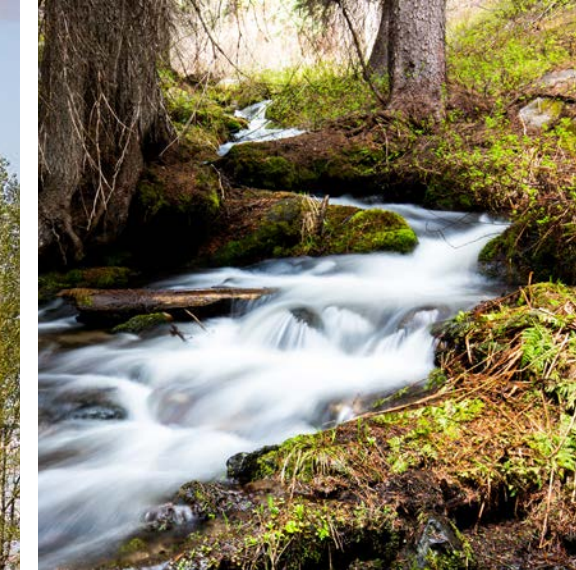

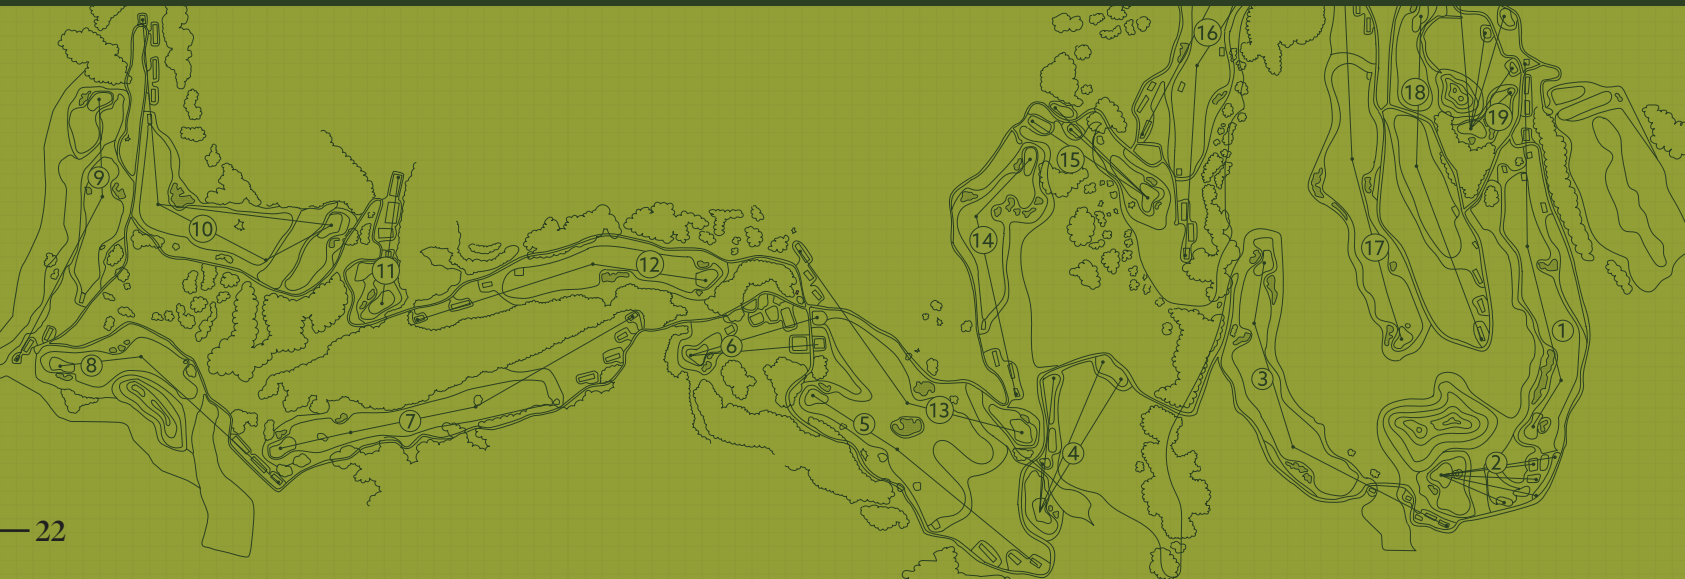

ROBERT TRENT JONES II MASTERPIECE

We think of it as the headliner of our meadow area—the newly reimagined and redesigned Robert Trent Jones II Osprey Meadows. That's right. Golf is back. Eighteen holes of championship golf featuring breathtaking meadow, mountain, and lake views. We also decided that 18 holes weren't enough, so we added a spectacular 19th hole. We call it the Gambler's Hole. All we can say is good luck (and bring an extra sleeve of golf balls).
